VTEC/STEC infection	78	119	122	83	35	44	51	47	37	25	29	52
Yersiniosis	79	118	126	103	46	81	110	101	109	66	64	74

¹ These data are provisional and include cases that are under investigation, some of which may become 'Not a case'.

² Cases of gastroenteritis from a common source or foodborne intoxication.

³ Only acute cases of this disease are currently notifiable.

⁴ Numbers are based on report date. This may not be a good indicator of newly incident cases as a high proportion of notifications have substantial reporting delays.
